

TOOK SICK AND DIED

After Surviving a Terrible Accident.

SAD CASE OF MRS. SUTER.

Bravely She Fought the Evil Results of a Fall Upon a Slippery Walk, Only to Succumb to Pneumonia Just as She Seemed About to Achieve a Victory.

Mrs. Mina Suter died at 1 o'clock Friday morning at the home of her daughter, Mrs. Manias Harrold, at 98 Henry street, of pneumonia. Mrs. Suter, about two months ago, sustained a fracture to her hip and other injuries in a severe fall, and though she had not regained the use of her limbs, she was able to move about the house with the assistance of crutches, her recovery apparently being certain. A week ago in some manner she contracted a severe cold, which quickly developed into pneumonia. She was conscious to the hour of her death.

Mrs. Suter was a native of Wertemberg, Germany, and was 68 years old. She came to this country in 1857, and the same year her first marriage, to the late Frederick W. Breckel, occurred. Mr. Breckel died in 1880. In 1882 Mrs. Breckel became the wife of James Suter, whose death occurred in 1893. She leaves four children—Mrs. Frank Albright, G. F. Breckel, Miss Laura M. Breckel and Mrs. Manias Harrold, all of whom reside in this city. The deceased had lived in Massillon continuously from the year of her immigration.

Funeral services will be held at the Harrold residence at 1:30 and at St. John's Evangelical church at 2 o'clock Sunday afternoon. The members of the Ladies' Society of St. John's church, of which the deceased was a member, will attend in a body. Burial will take place at the Massillon cemetery.

JOHN FORBES.

The body of John Forbes, who died suddenly at Akron, Tuesday, of apoplexy, will be brought to Massillon today, and funeral services will be conducted at the residence of Frank Heyman, 87 Second street, Friday afternoon. The deceased was about 35 years old, and leaves a wife. He was a member of Tammany Hall, and formerly lived in this city.

MRS. J. HARVEY STANTZ.

NAVARRIE, April 25.—Funeral services for the late Mrs. J. Harvey Stantz were held in the United Brethren church at 2 o'clock this afternoon. The death of Mrs. Stantz occurred Tuesday. When seen by her physician Tuesday morning, her condition assured him that recovery was certain. Her five-day-old child also appeared to be in perfect health. In the afternoon the physician found Mrs. Stantz delirious. At 3 o'clock her baby died and a few hours later her own death occurred. The two bodies were buried together. Mrs. Stantz was a native of Baltic. She leaves a husband and one child.

THE FIRST STRAWBERRIES.

Facts Concerning the General Fruit Market.

The first strawberries have reached the local market. They come from the South. The price is from 30 to 40 cents a quart.

The season of the coconut is well opened. They are selling at wholesale at \$3.75 a hundred.

The crop of bananas is enormous. Dealers say that all tropical fruits are abundant this year as never before.

TAKEN TO THE HOSPITAL.

Thomas Raymond Again Adjudged Insane Thursday.

Thomas Raymond, of 26 Bucher street, was adjudged insane by Judge August Thursday, and was removed to the state hospital. Raymond was not violent, but spent much time talking to himself and paying no attention to anything or anybody about him. His is a recurrent case.

You will waste time if you try to cure indigestion or dyspepsia by starving yourself. That only makes it worse when you do eat heartily. You always need plenty of good food properly digested. Kodol Dyspepsia Cure is the result of years of scientific research for something that would digest not only some elements of food but every kind. And it is the one remedy that will do it. Chas. W. Cupples, 139 W. Tremont street, Rider & Snyder, 12 E. Main St.

Given Up to Die With Group.

Mrs. P. L. Cordier, of Mannington, Ky., writes: "My three-year-old girl had a severe case of croup, the doctor said she could not live and I gave her up to die. I went to the store and got a bottle of Foley's Honey and Tar, the first dose gave quick relief and saved her life." Rider & Snyder.

"I had piles so bad I could get no rest nor find a cure until I tried DeWitt's Witch Hazel Salve. After using it once I forgot I ever had anything like piles." E. C. Boice, Somers Point, N. Y. Look out for imitations. Be sure you ask for DeWitt's. Chas. W. Cupples, 139 W. Tremont St.; Rider & Snyder, 12 E. Main St.

Boy—Wanted to deliver papers at Bahney's Book Store.

A REGULAR FIRING HOUR.

The District Mine Inspector Looks Into Affairs at Stanwood.

District Mine Inspector Miller, who was in the city Friday morning, stated that he had investigated conditions at the Stanwood mine, where it was complained promiscuous firing was endangering the lives of the workmen. He says that the rule is now being observed there as at all other mines, and the firing is done simultaneously. The inspector made the investigation at the request of the convention of miners, recently held in this city.

CATFISH AND BASS.

Dangeleisen to Stock River and Reservoir.

A WAR OF EXTERMINATION

It is To be Waged on the Carp of Luna Lake Under the Direction of the Deputy Warden—Dangeleisen Tells of the Hard Row a Doer of His Duty Has to Hoe.

Deputy Game Warden Dangeleisen was Thursday notified by the fish and game commission that large quantities of marble catfish and bass will be placed at his disposal this fall. Dangeleisen said today that he will release the fish into the river, the reservoir and Luna lake. The deputy states that a war for the extermination of the carp in Luna lake is to be commenced at the close of the spawning season.

He will stretch gill-nets about the spatterdocks and drive the carp into them. There will not be much danger of catching other fish thus, as it is only the carp that live in the muddy, unclear water about the shore. Under the law gill-netting is not permitted except in the presence and under the direction of the deputy warden, and the latter directs attention to this fact, in order that persons fond of this method of fishing may not receive a wrong impression.

Dangeleisen is being given much trouble by trappers of red birds. He states that several persons in the city are now holding songsters in captivity, and that while he does not wish to arrest them, he will be forced to do so if the birds are not released. "One of these men who have these birds in captivity," said Dangeleisen, "is an old man and not in a position to pay the heavy fine that the statutes prescribe for this offense. I have told him to set the birds free, but he cannot understand that he must, so, of course, he has not done it. Now, if I arrest this old fellow and he is sent to the workhouse, there will be a storm of indignation. But what am I going to do? I intend to give him one more chance to clear himself by freeing the birds."

FIGHT WITH GILL NETTERS.

Edward Frye Shot Five Times by Game Warden Ruckel.

The battle between game wardens and gill netters, which resulted in the fatal wounding of Edward Frye, occurred at Long lake, near Akron, and not at Luna lake, as announced in an Associated Press dispatch in Friday's INDEPENDENT. The officers, Ruckel and Fox, were patrolling the lakes Thursday night, and when in the channel at the head of Long lake came upon two men in a boat whom they at once knew to be gill netters. When within six feet of them, Warden Ruckel told them to consider themselves prisoners. The men informed him that he could not arrest them, and as Warden Ruckel stepped from his own boat into the one occupied by the fishermen Frye opened fire with a revolver. Ruckel immediately began shooting, and Frye dropped to the bottom of the boat, five balls from the officer's revolver having hit him. The officers took up the nets, towed the boat to shore, and took the prisoners to Akron in a wagon. Frye was at once taken to a hospital, and at last reports was dying. Frank Wages, his companion, was unhurt, and is now in jail. Warden Ruckel's clothes were full of bullet holes, but he was only slightly scratched on one shoulder.

The game wardens were detained in the city hall until Friday morning, but at 9 o'clock their release was ordered by the county prosecuting attorney.

"I have been troubled with indigestion for ten years, have tried many things and spent much money to no purpose until I tried Kodol Dyspepsia Cure. I have taken two bottles and gotten more relief from them than all other medicines taken. I feel more like a boy than I have felt in twenty years." Anderson Riggs, of Sunny Lane, Tex. Thousands have testified as did Mr. Riggs. Chas. W. Cupples, 139 W. Tremont street, Rider & Snyder, 12 E. Main street.

The Most Stubborn Coughs

Resulting from an attack of a gripe or heavy cold, must yield to the wonderful healing properties of Foley's Honey and Tar, which strengthens the lungs and makes them sound. Rider & Snyder.

You cannot enjoy perfect health, rosy cheeks and sparkling eyes if your liver is sluggish and your bowels clogged. DeWitt's Little Early Risers cleanse the whole system. They never gripe.—Charles W. Cupples, 139 West Tremont street; Rider & Snyder, 12 East Main street.

THE BOARD MEETS

Educational Matters Discussed Friday Evening.

PLANS FOR NEW BUILDING

They are Referred to the Committee on Building to Confer with the Architect—Cost of the Building—Bills and Salaries are Paid—Petition from Residents of Richville Avenue.

At the regular meeting of the board of education held Friday evening, plans for the new school building were discussed. There will be a building in Richville avenue without a doubt. The plans for the building as they stand at the present time call for a school house which will cost in the neighborhood of \$48,000. There seems to be an impression among some of the people that the amount is too high. The matter was talked over Friday night and it was finally decided to refer the plans to the committee on building, with instructions to confer with the architect with a view to having some changes made in the plans, if possible, to reduce the cost. This is considered rather a hard proposition, as the size of the building cannot be changed. Eight rooms will be needed. While \$48,000 may seem a considerable amount, the present cost of labor and material should be taken into consideration, and also the fact that a school building is one which gets very hard usage, and, therefore, should be of the most substantial nature. There can be no question about the quality of the heating, ventilating and sanitary arrangements of a school building, which should be of the very best.

When the building in East street was erected it cost the city about \$36,000. Labor and material then were low in comparison to the present time. For example: some of the bricks for the East street building cost \$4.25 per thousand delivered at the site of the work. Bricks for the Richville avenue school will cost \$7.35 on the cars and the cost of the delivery will make the price nearly twice the cost of the same material for the East street building. Glass has trebled in price since the erection of the other building, and the same is true of other material. The cost of labor is one-third higher than it was three or four years ago. Taking into consideration all of these things a building of the same kind would cost much more money at the present time.

A petition was presented by O. E. Young, signed by 200 residents of the Richville avenue school district, asking the board of education to build a new house in that part of the city as soon as possible. The petition called the attention of the body to the very bad condition of the present building and the inadequacy of the structure for the needs of the district. The petition was referred to the building committee.

Said one member of the board Saturday morning in speaking of this matter: "It is the duty of the board of education to provide suitable buildings for the accommodation of the school youth of the city, and that will be done. The need of new school buildings is a good indication of the growth of the city. The West Side and Richville avenue will both be provided with buildings."

Bills were paid and the pay rolls of the teachers and janitors approved and orders were drawn for them.

The board adjourned pending a call from the president for a special meeting, which will be called as soon as the building committee is ready to make a report.

ODD FELLOWS' CELEBRATION.

Exercises in Honor of Anniversary—News of Other Societies.

The eighty-second anniversary of the founding of the Independent Order of Odd Fellows was celebrated by the members of Massillon and Sippo lodges and the Daughters of Rebekah, in their North Erie street hall, Friday evening. The programme included recitations, declamations and songs. An address was delivered by the Rev. J. L. Wilson. Dr. Wilson dwelt upon the principles of the order—Brotherly Love, Relief and Truth, of which virtues the three links worn by members are emblematic. Tobias Schott, past noble grand of Massillon lodge, conducted the exercises.

Massillon Camp of Woodmen met in the mayor's court room Friday evening, and accepted an invitation to become the guests of the Canton camp next Thursday evening, at which time the degrees are to be conferred upon thirty neophytes.

A large number of members of the Canton branch of the Home Guards of America visited the Massillon society Friday evening. Several candidates for membership were initiated, the Canton team conducting the ceremonies. Dr. G. J. Elbin, of Canton, supreme councillor, delivered an address. The visitors were conveyed to and from the city in a special car.

"Last winter I was confined to my bed with a very bad cold on the lungs. Nothing gave me relief. Finally my wife bought a bottle of One Minute Cough Cure that effected a speedy cure. I cannot speak too highly of that excellent remedy."—Mr. T. K. Housman, Manitowish, Pa. Chas. W. Cupples, 139 W. Tremont St.; Rider & Snyder, 12 E. Main St.

EMPLOYED AS A CLERK.

Michael Bar is Accorded Many Privileges at the Penitentiary.

Michael Bar has been assigned to a clerical position in one of the shops at the penitentiary, and has been accorded many privileges not given ordinary prisoners. He is not compelled to march with the convict companies to and from the workshops, not sit down with them at meal time. He can get permission to go many places within the walls. He has been placed in the second grade, and his serial number is 93,384. If he is still in confinement four months from now, and if his conduct is all that is required, he will be advanced to the first grade. Bar is confident that he will be pardoned in a short time.

ELECTIVE SYSTEM.

The Effect of Its Adoption on Education.

DR. THOMPSON'S ADDRESS

The President of the Ohio State University Said that at That Institution the Courses Were Still Prescribed by the Faculty—Freedom Allowed Pupils in the Extreme West and East.

President W. O. Thompson, of the Ohio State University, spoke of some of the new phases of education before the members of the Bi-County Teachers' Association, with whom many citizens not connected with the teaching profession, in response to a general invitation, commingled, Friday evening. The meeting was held in the lecture room of the First Methodist Episcopal church.

Dr. Thompson dwelt at some length upon the changes which have been wrought in the general educational situation through the introduction of the elective system. In the old days, when a college taught a certain number of things, and prescribed certain number of studies to each course, the pupil was without choice or alternative. Now, in a great many parts of the country, particularly the extreme West and East, the man entering college has an elaborate intellectual menu set before him, and he chooses what he pleases. In the middle West, said Dr. Thompson, the elective system has attained little popularity. It has not been adopted at the Ohio State University, and he did not say that it would be, though his remarks by no means indicated that he was unfriendly to the plan.

He stated that many brilliant successes had been scored under the system, and yet there had also been many dismal failures. He directed attention to the splendid men who were developed under the old systems. One desirable result in connection with the elective plan, he said, was that the responsibility is largely shifted from the teacher to the student. It used to be that a person upon entering college was a boy.

He was sent to college to study the subjects that were prescribed in the course, and to follow the paths of rectitude under the guidance of his professors. Now, under the elective system, the boy becomes a man when he goes to college. He chooses such studies as he may feel he has a capacity for. Under these circumstances, if the student makes a failure, he has himself to blame. He cannot contend that he was compelled to take up a study for which he had no inclination or ability.

Dr. Thompson also devoted some attention to specialization. He said that the work of all professional people, particularly teachers, had been specialized to such an extent that those engaged in it feel competent or confident only in their particular specialties.

The freedom which the pupil enjoys at college, and the temptations which beset him on every hand, said Dr. Thompson, render more important than ever before the importance of home training. The making of the man should be commenced in early childhood, at the age when the brain is receptive to and retentive of impressions.

Other features of the programme Friday evening were a piano solo by Miss Elizabeth Mayhew, and several selections by the chorus of the Christian church. Prayer was offered by the Rev. Dr. J. L. Wilson. The lecture room was comparatively well lighted. Foreseeing such a difficulty as presented itself Friday, the trustees, in arranging for natural gas, also made arrangements whereby artificial gas could be turned into some of the pipes.

Skin troubles, cuts, burns, scalds and chafing, quickly healed by the use of DeWitt's Witch Hazel Salve. It is initiated. Be sure you get DeWitt's.—Charles W. Cupples, 139 West Tremont street; Rider & Snyder, 12 East Main street.

The editor of the Fordville, Ky., Miscellaneous, writes as a postscript to a business letter: "I was cured of kidney trouble by taking Foley's Kidney Cure." Take nothing else. Rider & Snyder.

Job Couldn't Have Stood It

If he'd had itching piles. They're terribly annoying, but Backlen's Amic Salve will cure the worst case of piles on earth. It has cured thousands. For injuries, pains or bodily eruptions, it's the best salve in the world. Price 25c a box. Cure guaranteed. Sold by Z. T. Babbie.

WASHINGTON NEWS

The Chinese Empress Appoints a Commission.

MILLIONS ARE STARVING.

Li Hung Chang Sends an Appeal to Americans—Cuban Commission will Recommend Adoption of the Platt Amendment—River Still Stationary at Cincinnati.

WASHINGTON, April 27.—[By Associated Press]—The American charge d'affaires at Peking yesterday sent the following dispatch to the state department: "The empress dowager has appointed a board of national administration to relieve her of her public functions. They embrace three members of the cabinet, with the empress, at Sian Fu, and Prince Ching, Viceroy Li and Prince Kung, who are now in Peking."

This news was regarded as of importance, indicating, as it does, the relinquishment of the empress dowager of the arbitrary powers she heretofore has exercised. It also is apparent that she has placed herself in a position to avoid direct responsibility to the foreigners, for whatever may happen in the future, the board will have to bear the brunt of any complaint. It is felt that the appointment of this board will make it much easier for the foreign ministers to transact business with the Chinese government. The three members of the cabinet now at Sian Fu include the notorious Jung Lu, who was one of the most active in the outbreak against the foreigners last summer. One of the other members of this council is 70 years old and is said to be greatly debilitated. The third member has been at least lukewarm toward foreign interests. The choice of these three is looked upon as likely to complicate the good which Li Hung Chang and the others may accomplish.

The general impression here is that the commission will recommend the adoption of the Platt amendment by the constitutional convention.

MILLIONS STARVING.

Li Hung Chang Appeals to Americans for Aid.

NEW YORK, April 27.—[By Associated Press]—The Christian Herald has received the following dispatch from Peking, signed by Li Hung Chang: "Very serious famine spreads over the whole province of Sian Si. Over eleven millions population affected. Urgent relief necessary. Conditions warrant immediate appeal." The Christian Herald has announced its purpose of raising a fund to relieve the sufferers in the famine-stricken district.

WANT RECIPROCITY.

Cuban Commissioners Call on the President Today.

WASHINGTON, April 27.—[By Associated Press]—The Cuban commissioners called on the President before their departure today. Senator Capote urged that the United States take immediate action in adopting a reciprocity treaty. The President said a commission would be appointed for the purpose as soon as the Cuban government was organized.

CAMPAIGN OPENING.

Cuban Democrats Favor the Platt Amendment.

HAVANA, April 27.—[By Associated Press]—The Democrats will hold their opening rally of the campaign at Matanzas on Sunday. The platform to be submitted for adoption will favor acceptance of the Platt amendment and will endorse the course of Governor General Wood. Among the speakers will be Senator Giberga, Senator Montoro, Senator Hernandez, Senator Pierra and Senator Garcia.

Glance at This.

It Will Prove of Infinite Value.
The English poet Pope in his "Essay on Man" says: "Teach us to feel another's woes." The supplication or request would be much more practical if it were followed by—teach me how to end this. Pain in the back is one of the most prevalent ones of mankind.

If the reader asks Mrs. B. C. White, of Danner street, how to end this, the reply will be: "Go to Z. T. Babbie's drug store, procure Doan's Kidney Pills and take a course of the treatment." In speaking about that remedy the lady says: "We fully know the great value of Doan's Kidney Pills. Different members of our family have taken a course of the treatment and obtained unequivocal benefit. I conscientiously recommend it to all who require a medicine for either weakened or overtaxed kidneys."

Doan's Kidney Pills are sold by all dealers. Price 50 cents per box. Foster-McMillan Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name, Doan's, and take no substitute.

INDEBTEDNESS OF THE CITY.

It was Saturday Reduced by the Clerk to \$68,620.

The city's debt was Saturday morning reduced \$1,000. City Clerk Seaman paying that amount to the First National bank, of Barnesville, which holds the Cedar street improvement bonds. The city's total indebtedness, funded and unfunded, is now \$68,620.

HOSPITAL NOTES.

Reading by a Relative of Oliver Wendell Holmes.

PLANS FOR ATHLETICS.

A Base Ball Club which Intends to Challenge Clubs from Other Institutions in the State—Work of the Landscape Gardener Expected to Show Satisfactory Results This Spring.

The condition of the weather during the past week has made any work on the hospital grounds or farm impossible. It will be some time before the ground will be in condition to plow. Considerable snow lays in the low places.

Dr. H. C. Eymann will go to Cleveland next Wednesday to attend the commencement exercises of the Cleveland College of Physicians and Surgeons. Dr. Eymann is a member of the faculty of this institution.

On Wednesday night last Miss Myra Churchill Holmes gave an entertainment for the benefit of the patients of the institution in the amusement hall. The entertainment consisted of readings by Miss Holmes and music by the institution orchestra. The programme was especially arranged and was much enjoyed by the patients. Miss Holmes is a relative of the late Dr. Oliver Wendell Holmes and resides in Boston.

The attendants and the other members of the working force of the institution who are inclined to indulge in athletics are anxiously awaiting the settlement of the weather so that the golf links and baseball grounds can be put in condition. The institution will have a baseball club this year which will endeavor to beat the team from any other institution in the state. Considerable work will be done on the diamond and it will be put in much better shape than it was last year. Golf links have already been staked off and the ground needs only to become dry to send the enthusiasts out over the hills with their clubs.

The coming of the snow and wind of last week effectually put a stop to the planting of trees and shrubbery which had been progressing under the direction of Landscape Gardener Haerlin. A large number of trees have been planted along what is known as the front, that is, the grounds around the cottages and buildings to the west and north. All kinds of trees are being used, and the effect will be very fine within a few years when they have had a chance to grow. The ground immediately south of the large hospital building will be leveled and put in grass this spring. This has been done a number of times, but has always been disturbed either for the purpose of putting in steam pipes, sewer, or for cutting down the grade of some of the walks. All of this work has been done in that part of the grounds and it will not have to be disturbed further.

JOHN ROBINSON'S SHOW.

Will Exhibit at Massillon on Friday, May 10.

Monopolies are almost exclusively organized upon the basis of giving people the least possible quantity and charging them the largest possible price for it. In plain words this is swindling. Envious inferiority sometimes calls our "Greatest Show on Earth" a monopoly. Well, so it is, but mark well in what a different sense and upon what different principles. It gives the public a great deal more, and of a better quality, for the least possible price than was ever given before. This is the broad, honest and generous basis upon which we are monopolizing the business of traveling shows.

A visit to this great show, vastly augmented by the addition of the masterpiece of a master mind, entitled, "King Solomon, His Temple, and the Queen of Sheba," which is replete with sacred realism, historical accuracies, biblical events, colossal professional features, bewitching ballets, sacrificial ceremonies, and the splendors and glories of the court of Solomon, the seer, the patriarch, and grandest and greatest of ancient kings, will prove one of the most interesting and enjoyable events of our day.

Western Rates Reduced.

Greatly reduced one-way rates will be in effect from Chicago via the Wisconsin Central Railway to points in Minnesota, North Dakota, Montana, Idaho, Oregon, Washington and British Columbia each Tuesday, commencing February 12th and continuing until April 30th.

For detailed information inquire of nearest ticket agent, or address T. D. Campbell, D. P. A., 42 Carew Building, Cincinnati, O.; C. E. Johnson, D. P. A., 621 Park Building, Pittsburg, Pa.; J. S. C. Pond, Coal River, W. Va.

THE INDEPENDENT

THE INDEPENDENT COMPANY

INDEPENDENT BUILDING,
70 N. Erie Street, - MASSILLON, O.WEEKLY FOUNDED IN 1868.
DAILY FOUNDED IN 1887.
SEMI-WEEKLY FOUNDED IN 1888.LONG DISTANCE TELEPHONE.
BOTH TELEPHONES NO. 60.This morning's INDEPENDENT is on
sale at Bahney's Book Store, Ham-
merton's cigar stand (Hotel Conrad),
and Bert Hankins's News stand in
North Main street.

MONDAY, APRIL 29, 1901.

Having cleaned up \$250,000 on the stock exchange, Senator Pettigrew sees a brighter future for the country. It is possible that he will now cease painting "the rich" as cruel ogres feeding upon millions of helpless paupers. He may even offer to acquaint "the poor" with the best method of dealing in stocks. Anyway Pettigrew will no longer refer with his erstwhile bitterness to stock exchange "gambling."

THE INDEPENDENT'S Elton correspondent deserves a line of special commendation. Finding that her letter designed for the usual semi-weekly edition was held at one postoffice on account of the impassable condition of the roads this week, she immediately wrote a second letter and succeeded in getting it to another postoffice, from whence it reached THE INDEPENDENT on time. This is the sort of enterprise which helps to make good newspapers.

The Ohio State Journal says that the open candidacy of Frank S. Monnett for the Democratic nomination of attorney general has aroused the old Democratic guard of Columbus and it is quite possible that during the next ten days the various Democratic clubs will be asked to take action denouncing the nerve of Monnett for attempting to get on the Democratic state ticket even with the backing of Tom L. Johnson. They resent the idea that Monnett is a Democrat for office holding purposes.

THE TEACHERS' INSTITUTE.

Massillon has been privileged in entertaining the instructors of more or less prominence who gathered in the city to attend the meeting of the Stark-Wayne Bi-County Teachers' Association, which opened auspiciously with an address by the scholarly president of the Ohio state university, on Friday evening. The papers read at the two closing sessions, "Essentials of the Primary Course of Study," "The Functions of the High School," and "What Should the Public Schools Seek to Accomplish?" indicate the line of thought developed by the institute, which closed with a general discussion in which instructors from rural districts and teachers and superintendents from towns and cities were given an opportunity to meet on common ground for the exchange of information which could not fail to be productive of the greatest mutual benefit.

The gathering together of many persons interested in one line of work is always productive of renewed enthusiasm, inspiration and knowledge. The teachers' institute, held for the purpose of comparing experiences, discussing new methods of imparting knowledge and thoroughly canvassing the general educational situation, cannot fail to stimulate those directly interested to new effort in their professional labors. It also arouses the interest of pupils and the parents of pupils in our great public school system and enlists their intelligent co-operation in its future development.

THE SUNDAY DISEASE.

A minister writes to the Christian Intelligence concerning a mysterious disease with which many people, seemingly well during the week, become afflicted with on Sunday. He says that he really dreads the approach of the Lord's Day, for with it there come to many of his flock colds, sick headache, pain in the side with nausea, while numbers complain of "that tired feeling." A few Sundays ago this minister reached what might be called the climax of his observations in this line, which, it should be remarked in passing are, of course, peculiar to his own experience. He says:

"Sunday before last I spent really an anxious day, for there happened to be absent from the services quite a number, for the best of reasons, of course: a rushing in the head, a touch of sciatica, cramps, toothache, a hardness of hearing, catarrh, torpid liver, inflammation of the membranes, lumbago and, worse than all, 'that tired feeling.' Then, what greatly distressed me the next day was that Mrs. Henry Van Blarson had issued invitations to an 'at home' for that evening, and the fear well-nigh paralyzed me that but few would respond, seeing that many of her invited guests had been absent from the Sabbath services. Imagine then, if you can, my profound surprise to see on that Monday evening so wholly unexpected, so general and complete a recovery, and when I made inquiry concerning

the Sabbath ailments only two were able to recall what had really been the matter with them the day before."

CO-OPERATION FOR GOOD ROADS

Farmers in the northern part of Indiana are independent of the county commissioners, building gravel roads at a rate which will soon leave few of the old mud highways in existence. One turnpike, ten miles in length, is now almost completed, and the burden, under a self assessment system, has scarcely been felt by the land owners. These farmers entered into an agreement to build the road, every owner of abutting property pledging \$1 50 an acre in work or cash, to be paid within three years. The road assessed extends back a half-mile on either side of the road. The work is done in dull seasons, and the loss of time is not felt by the farmers, while the construction of the road is pushed rapidly.

At the end of the three years the county commissioners are notified of the completion of the work, the county surveyor inspects the road, and if it meets all requirements it is accepted, and the commissioners under the gravel road repair act, undertake to keep it in good repair perpetually. It is easy to be seen how soon a large turnpike mileage could be built in this way in Stark county. Such a system would render construction both easy and cheap, and would give the county and the farmers substantial roads as could be found anywhere.

THEY WANT THE INDEPENDENT.

THE INDEPENDENT has received an order from the circulation bureau of the Pan-American exposition at Buffalo which says, "Beginning May 2, send us thirty copies of your paper daily. We have had a call for THE MASSILLON INDEPENDENT from the hotels and news dealers, and would like to be in a position to fill all orders as we are wholesalers, and there will be a demand for your paper during the exposition."

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. None of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

VARICOCELE

No matter how serious your case may be or how long you may have had it, our NEW METHOD TREATMENT will cure it. The "varicose veins" return to their normal condition and hence the sexual organs receive proper nourishment. The organs become vitalized and manly powers restored. No temporary benefit, but a permanent cure assured. NO CURE, NO PAY. NO OPERATION NECESSARY. NO DETENTION FROM BUSINESS.

STRICTURE

Thousands of young and middle-aged men are troubled with this disease—many unaware of it. They may have a smarting sensation, sharp, cutting pains at times, weak organs, and all the symptoms of "young debility"—they have STRICTURE. Don't let doctors experiment on you by cutting, stretching or tying you, as it will not cure you, as it will return. Our NEW METHOD TREATMENT absorbs the stricture tissue, hence removes the stricture permanently. It can never return. No pain, no suffering, no detention from business by our method. The sexual organs are strengthened, the nerves are invigorated, and the bliss of manhood returns.

Cures Guaranteed

We treat and cure BLOOD POISON, NERVOUS DEBILITY, IMPOTENCY, STRICTURE, VARICOCELE, SLIMING, AL LONIES, BLADDER AND KIDNEY DISEASES. CONSULTATION FREE. DRUGS AND SURGERY'S MODERN METHOD. If unable to call, write for QUESTION BLANK for HOME Treatment.

KENNEDY & KERGAN
247 Superior St. Cleveland, O.

IMMENSE PIANO SALES

The present good times have benefited almost everyone, and some surprising things are being accomplished in the business world. In the line of pianos and organs, Mr. A. B. Smith, at Akron, Ohio, seems to have solved the problem of being able to dispose of any quantity of instruments about as fast as they are manufactured. His method of doing it is a simple organization and a number of people all working together, and the sales that he gets in Northern Ohio per year run into the thousands. Following is a list of some 228 sales made since January 1st, the usually considered dull months of the year:

C. F. Pardee, Akron, O.
Mrs. A. F. Hunsicker, Akron, O.
A. R. Gilcrest, Akron, O.
Emma Shaffer, Akron, O.
Lillie Crowl, Canton, O.

J. B. SCHERADER,

North Erie Street, MASSILLON, O.

LOCAL HAPPENINGS.

Discovered this Week by Independent Investigators.

Mrs. Carrie Coxey has returned from a visit with friends in Scranton, Pa.

Dr. C. M. Bishop, of Medina, is in the city. He is thinking of locating in Massillon.

William M. Jones, of Dunlap, Tex., is a guest at the residence of his father-in-law, Daniel Hemperly.

William A. Clark left last night for Bessemer, Mich., to take a position as advance agent for Adams's circus.

The Altar Guild of St. Timothy's church has decided to hold a rummage sale during the week beginning October 7.

The grand lodge, Knights of Pythias, will meet in Springfield, May 27 to 30. About three thousand Knights of Pythias are expected to attend.

The Ladies' Catholic Benefit Association will give a social in St. Mary's hall on Wednesday evening, May 1. A cordial invitation is extended to all.

Mrs. Deck Beemer, Mrs. Irad Struble and Miss Goldie Leonard, of Chester, who were the guests of Mr. and Mrs. W. D. Benedict, returned home this morning.

City Clerk Seaman issued a building permit Saturday morning to Jacob Pinkle, who will make a \$1,000 addition to his Wellman street property. It will be completed by August 1.

The W. & L. E. once more has everything in good shape. The water is off the track on the east end of the line and also near Sherodsville. All trains are again on time and the wires are working.

Work on the coal shaft on the Rudy farm began in earnest Wednesday morning. Three "shifts" of eight hours each will be worked, and the work of getting down to the black diamonds will be pushed rapidly.—Dalton Gazette.

At a meeting of Hart Post, G. A. R., held Friday night, plans for the observance of Memorial Day were discussed. The committee on arrangements was named. It consists of R. A. Pinn, Peter Scharles and Jerry Hissong. They will name the sub-committees within a few days.

Mr. and Mrs. J. F. Pocock gave a dinner of ten covers at their Prospect street residence on Thursday evening in honor of Mr. and Mrs. Edward Steese, of Brookline, Mass. The other guests were Mr. and Mrs. Charles Steese, Mr. and Mrs. F. W. Arnold, Dr. and Mrs. A. Per Lee Pease.

M. H. Switzer is recovering from injuries sustained Wednesday. He was attempting to pry a tree out of the ground, when his bar slipped, and he was hurled forcibly to the earth. The accident occurred at the works of the Conrad, Dangler & Brown Company, where Mr. Switzer is employed as an engineer.

A pianola entertainment will be given in the Sunday school room of the First M. E. church, Friday evening, May 3, by David Reed and Miss Sarah Corns. During the evening Miss Helen Shoemaker will give two recitations. A silver offering will be taken at the door. The proceeds will go toward the Sunday school piano fund.

A rear end collision between two freight trains occurred on the Pennsylvania railway at Canton this morning, resulting in the destruction of several cars and disabling an engine. The Alliance wreck crew had the track cleared by 8 o'clock. The failure of the forward train to send back a flagman was the cause of the accident.

Natural gas again reached the city at 11 o'clock Saturday morning. The pressure is reported normal, and operations will doubtless be resumed Monday at the various factories that have been shut down for the past several days. The city had the appearance of an overgrown hamlet Friday evening. Kerosene lamps burned in most of the stores, and they looked dismal and smoky. Dealers in oil lamps and things that go with them did a rushing business for a time, and there was also quite a run on gasoline stoves.

The traffic officials of the Wheeling & Lake Erie are now at work with the operating officials in figuring out a time card, which will be presented in about a week. The road at this time expects to make an announcement of what service it will give for the Pan-American exposition. It is said that the road will hardly venture a through car service, but will aim to make direct connections with trains which are running now, and especially with the boats of the Cleveland & Buffalo Transit Company.—Cleveland Leader.

Work on the Canton-Akron street railway will begin in earnest on Monday morning. The Canton News-Democrat says: "While there are still rumors and rumors about projected railway lines from Canton to Akron and from Canton to points south, something tangible and actual is promised for next Monday. Contractor Dorwin states positively that the work of grading will begin on that day, and it will be pushed with vigor. L. E. Myers, of Chicago, who is at the head of the company that will build and equip the line, instructed Mr. Dorwin to put all the men to work that he could secure. 'Put 1,700 men to work at once, if you can,' were his instructions. An effort is being made to get men and teams to go to work next week, but Mr. Dorwin states that it is almost impossible to secure teams. Horses are not even to be bought. Mr. Welty was seen Friday and stated that he had just mailed to the secretary of state a certificate certifying that ten per cent. of the stock had been paid in actual cash. This means that \$60,000 is available for present needs, and the balance will be paid in as the necessity arises."

NEARBY TOWN NEWS

LAWRENCE NOTES.

NORTH-LAWRENCE. April 27.—Born, to Mr. and Mrs. David Adams, Friday, a son.

Our town experienced a coal famine last week; there were over fifty families out of coal.

Mrs. Sadie Cambell, of Canton, is visiting her parents, Mr. and Mrs. David Jones.

John Pollock and family attended the Finley wedding anniversary at Newman on Wednesday.

Our schools closed on Friday for the summer.

Dr. Jacob Lawrence has purchased William Moore's property in Church street.

Our baker, Mr. Carmack, is contemplating moving to Doylestown, in the near future.

C. E. Winner, of Alliance, made a business visit to our town last week.

George Johnson has opened a clothing store in the Johnson building.

ELTON ITEMS.

ELTON. April 29.—Owing to the impassable condition of the roads, the mail did not go through on Saturday.

Neither man nor beast went through Elton on Saturday or Sunday. West of the town was a drift six feet high in the road.

William Huston, Jr., of Leetonia, will spend the summer with his parents, east of town.

Mrs. Frank Stitz has returned from a visit with relatives in Canal Fulton.

Weis Garber, of Mt. Eaton, has purchased a fine pacing horse from Ben. P. Baughman.

The friends of Benjamin Boughman wish him and his fair bride happiness and prosperity.

John Budd will teach the McFarren school next year. A. J. John Baughman the Goat Hill school.

Mrs. Manias Harrold and son Louis, of Massillon, spent several days with relatives at this place.

Those "early birds" who have their oars down will not gain much, we wish. John Harmon is located at R. W. Klinge's.

NEWS FROM NAVARRE.

NAVARRE. April 29.—R. W. Coleman, of Massillon, was a Navarre visitor on Saturday.

The senior class of the Navarre high school are taking the final examination preparatory to commencement.

Robert Adley attended a dance at Massillon on Wednesday evening.

Miss Fannie Bowers has returned from Coshocton, where she spent the last five weeks with her sister, Mrs. John Hitchcock.

Mrs. N. A. Watts is on the sick list.

Bert Hall has moved his family to the Sluts farm, south of town.

The funeral of Mrs. Harvey Stantz and infant daughter took place at the U. B. church on Thursday afternoon at 2:30. Interment was made in the Union cemetery.

John Rohr is seriously ill with lung fever.

Miss Lizzie Longley is visiting Miss Mayne Hammel, of Massillon.

Mrs. William Wananaker, of Justus, spent Thursday in town.

Several young people, on their way to Massillon Wednesday evening, drove into a snowdrift in Wooster street, and had considerable difficulty in getting out again.

E. Shorb, of Massillon, was in town Friday on business.

John Rose, of Massillon, was in town Friday.

Mrs. Alax. Garver is seriously ill.

Nelson King and Mayor Warwick spent Saturday in Canton.

Mrs. Mike Adley, who has been ill for the past week, is some better.

A wheelman's tool bag isn't complete without a bottle of Dr. Thomas' Electric Oil. Heals cuts, bruises, stings, sprains. Monarch over pain.

Running sores, ulcers, boils, pimples etc., quickly cured by Banner Salve, the most healing salve in the world. A sure cure for piles. Rider & Snyder.

Beets, per bushel..... 40
Apples..... 90-1 00

Clean Bread

Can't be made by foul hands and clean, pure blood can't be made by a foul stomach. The blood is made by the stomach and organs of digestion and nutrition.

Golden Medical Discovery cures diseases of the organs of digestion and nutrition perfectly and permanently. It purifies the blood, and so by curing the cause of disease, cures many forms of disease in organs remote from the stomach.

"For the past sixteen years I have had torpid liver and indigestion and tried many doctors and patent medicines but I could not get a cure," writes Mrs. Simeon Suggs, of Clyde, Sabine Parish, La. "Three months ago I thought I would try Dr. R. V. Pierce's Golden Medical Discovery and his 'Pleasant Pellets.' I got six bottles of each and I received a good result in a week, and today I am cured sound and well. The symptoms were coated tongue, specks before the eyes, disposed to be cross and irritable, foul stomach, bad taste in the mouth, tired feeling, a feeling of dread or fear, headache, yellow skin, etc. These symptoms did not all appear at once. If sufferers from such troubles will take Dr. R. V. Pierce's Golden Medical Discovery and 'Pleasant Pellets' as directed in pamphlets wrapping bottles, they will bring back the bloom of life as it did with me."

Dr. Pierce's Pleasant Pellets cure biliousness and sick headache.

Those famous little pills, DeWitt's Little Early Risers, will remove all impurities from your system, cleanse your bowels and make them regular.—Chas. W. Cupples, 139 West Tremont street; Rider & Snyder, 12 East Main street.

Itchiness of the skin, horrible plague. Everyone is afflicted in one way or another. Only one safe, never failing cure.—Doan's Ointment. 50 cents.

Every family should have its house hold medicine chest, and the first bottle in it should be Dr. Wood's Norway Pine Syrup, nature's remedy for coughs and colds.

V. B. Conklin, Bowersville, O., says: "I received more benefit from Foley's Kidney Cure than from months of treatment by physicians. Rider & Snyder."

Remember, Sale Opens Saturday Morning, April 27th.

HUMBERGERS' WARWICK BLOCK, MASSILLON.

Spring coughs are specially dangerous, and unless cured at once serious results often follow. One Minute Cough Cure acts like magic. It is not a common mixture but is a high grade remedy. Chas. E. Cupples, 139 W. Tremont St.; Rider & Snyder, 12 E. Main St.

Best Way to Cure Backache.

Backaches are caused by disorder in the kidneys. Foley's Kidney Cure will make the kidneys right. Take no substitute. Rider & Snyder.

DRIFTING

FOLEY'S Bright's disease, diabetes, gravel or other serious kidney or bladder disease is what thousands are doing who do not know it. You may be one of them. Are you neglecting that backache, tired-out feeling, dizziness or other symptom of kidney disorder? The symptoms of kidney disease are many and peculiar—baffling even to doctors.

Here is a simple and sure test which any one may try:

Set aside a bottle of urine for twelve hours. If a sediment or settling occurs it is a sure sign of kidney disease.

Foley's Kidney Cure is absolutely guaranteed. You run no risk. See that you get Foley's, the guaranteed cure.

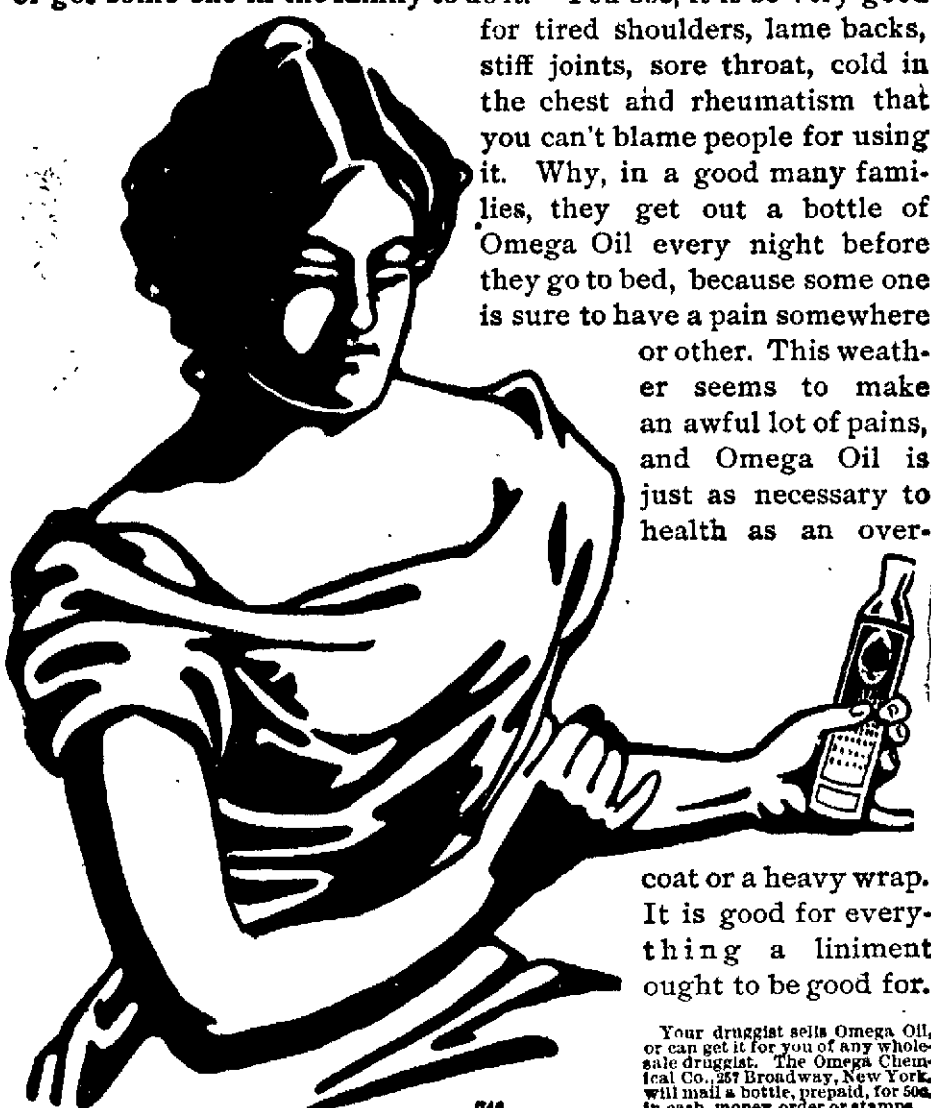

BANNER SALVE heals all hurts but Cupid's wounds.

Rider & Snyder, Druggists.

Omega Oil

FOR WOMEN—You would be surprised like everything if you knew how many women use Omega-Oil, the wonderful liniment that stops pain. Some of these women are away up in society, too, and have their maids rub the oil on them. Poor people, who can't afford maids, either rub themselves with Omega Oil, or get some one in the family to do it. You see, it is so very good for tired shoulders, lame backs, stiff joints, sore throat, cold in the chest and rheumatism that you can't blame people for using it. Why, in a good many families, they get out a bottle of Omega Oil every night before they go to bed, because some one is sure to have a pain somewhere or other. This weather seems to make an awful lot of pains, and Omega Oil is just as necessary to health as an over-

Your druggist sells Omega Oil, or can get it for you of any wholesale dealer. The Omega Chemical Co., 257 Broadway, New York, will mail a bottle, prepaid, for 50c. In cash, money order or stamp.

"Stick to It."
Geo. L. Heard, of High Tower, Ga., writes: "Eczema broke out on my baby, covering his entire body. Under treatment of our family physician he got worse, as he could not sleep for the burning and itching. We used a box of 'Banner Salve' on him and by the time it was gone he was well. The doctor seeing it was curing him said, 'Stick to it, for it is doing him more good than anything I have done for him.' Rider & Snyder."

Want Column ads. pay. Try it.

B. Presson, Pressonville, Kan., writes: "Nothing like Foley's Honey and Tar" is the universal verdict of all who have used it. Especially has this been true of coughs accompanying a gripe. Not a single bottle failed to give relief. Rider & Snyder."

Sheriff's Sale.

THE STATE OF OHIO,
STARK COUNTY, ss.
James Kelley & Admin. v. xiz
Florence Long
vs.
Silas McCormick, et al.

By virtue of an order of sale issued by the Clerk of the Court of Common Pleas of Stark County, Ohio, and to me as Master Commissioner directed, I will offer for sale at public auction, at the door of the Court House, in the City of Canton, on

Saturday, May 18th, 1901.
the following described real estate, to-wit:

Situated in Bethlehem Township, Stark County, Ohio, and described as follows: The undivided one third interest in and to the Patrick McCormick farm, consisting of one hundred and seventy (170) acres, more or less, and comprising what is known as the southeast quarter of section four, Township Nine, Range Nine, subject however, to the life estate of the mother of said Silas McCormick, and subject further to the conditions that during the life of the mother of said defendant, or so long as she shall remain unmarried, the income from all of said property above described shall first be applied to repairs needed and to the support of said McCormick's mother.

Appraised at fourteen hundred and sixty (\$1,460) dollars.
Terms, cash.
Sale to commence at 10 o'clock a. m.

JOHN J. ZAISER, Sheriff
and Master Commissioner.
